

# Are you interested in a career in teaching locally starting September 2014?

Noadswood, in conjunction with Ringwood School Specialist Teaching Academy is delighted to be able to offer initial teacher training places through the SPELL Partnership commencing September 2014 through the School Direct route. We are pleased to be able to train future teachers in the following subjects across our partnership of schools: English, Maths, MFL, Physics and Biology (mix of salaried and training places).

As a partnership we have established links with the University of Southampton and an excellent track record of success with teachers of the future. Our vision is to train teachers locally to ensure high quality professionals remain employed within the local area for the good of our community and learners.

Further information about the School Direct route into teaching can be found on the UCAS Website: <http://www.ucas.com/how-it-all-works>

Specific details regarding available places across the SPELL partnership and relevant UCAS Coding can be found on the Ringwood School website: <http://www.ringwood.hants.sch.uk/about-us/a-career-in-teaching/>.

Please contact Ali Fanos, Teaching Schools Coordinator if you have any questions: [ali.fanos@ringwood.hants.sch.uk](mailto:ali.fanos@ringwood.hants.sch.uk).

We look forward to supporting your next steps into teaching
